Longarm Services

Quilt Preparation

Batting & Quilt Pricing

ALL longarm quilting services are completed on our Gammill Statler Stitcher machine. The Statler offers state of the art stitch and design precision. We offer a wide selection of quilting patterns and designs. The goal of our trained quilting staff is to help you turn your quilt top into a treasured heirloom.

QUILTING OPTIONS

Basting allows for hand quilters or home machine quilters have us put the layers of your quilt together for you. Large stitches make it easy to remove once your quilt is complete.

Edge-to-edge designs span the length and width of the quilt and will be repeated in rows to produce an all-over design on the quilt top. This method of longarm machine quilting is popular due to the lower cost. There are many to choose from.

Combo an edge to edge interior with the outer border customized.

Quilt Check-in Procedure

- To check-in your quilt, please have your quilt top and backing separately pressed, folded, and hanging on a hangar. Bring to the longarm room and one of our longarm quilting staff will fill out the appropriate paperwork for you.
- Please call with questions by calling 748-6505.

- Check to be sure all seams are secure. **If your quilt does NOT have an outside border PLEASE stay-stitch** around your quilt within 1/4" to ensure seams do not pull apart when quilted.
- If your quilt or backing is directional, please pin a note to mark the top.
- Remove all buttons or other embellishments.
- Backing must be squared and all edges trimmed even when pieced together.
- Press the quilt top and backing. Fold and drape over a hanger when brought in.
- Quilt top and backing must be brought in as separate layers, not sandwiched together.
- We reserve the right to refuse unfamiliar or stretchy backing fabrics such as knits, some polar fleece and minky, sheets or decorator fabrics.

** Fullness/puckers within a quilt and it's borders cannot be quilted out. If your quilt is not square and has fullness and/or puckers we cannot guarantee that tucks will not be sewn in. Excessive fullness in borders may result in the quilt corners not being squared.*

BATTINGS AVAILABLE

Our battings are sold by the linear inch that way you only pay for what you need.

80/20 Cotton-Poly Natural	\$.20/linear inch
80/20 Cotton-Poly Bleached	\$.20/linear inch
100% Wool	\$.45/linear inch

LONGARM QUILTING PRICES

The price of quilting your quilt is determined by the square inch. For example, if your quilt measures 50"x70" then your quilt is 3500 square inches. If you choose an edge to edge design that is \$.020/psi then your quilting cost will be \$70.00.

Basting	\$.005 per square inch
Edge-2-Edge	Price \$.020/psi
Combo	Price \$.030/psi
Minimum Fee	\$50.00

Pricing effective March 1, 2019 and are subject to change without notice.
